## BETA LUMA FLOOD FIXTURES

The Beta Luma Flood Fixtures were designed to be used in commercial & industrial applications to accent walls & trees, and multi-use areas where security lighting is crucial. These exceptionally durable fixtures have a rugged aluminum billet housing that is coated with an epoxy finish that is designed for the harshest environments. The lens has a Silicone rubber seal to protect the inner components from dust, and a waterproof IP65 rating that will insure these fixtures last for decades. These fixtures provide up to 150 lm/W using a Meanwell Driver, making them a high powered, dependable, and efficient performer. With different light distribution options and accessories, these fixtures are perfect for the professional specifier. Optional trunnion, knuckle mount, pole, and slip fitter brackets available for any application. These fixtures are warranted for 10 years or 50,000 hours, non-prorated.
